

Burke Gilman Trail & westbound N.E. Pacific St. near U-District temporarily closed during week of Sept. 17, 2007

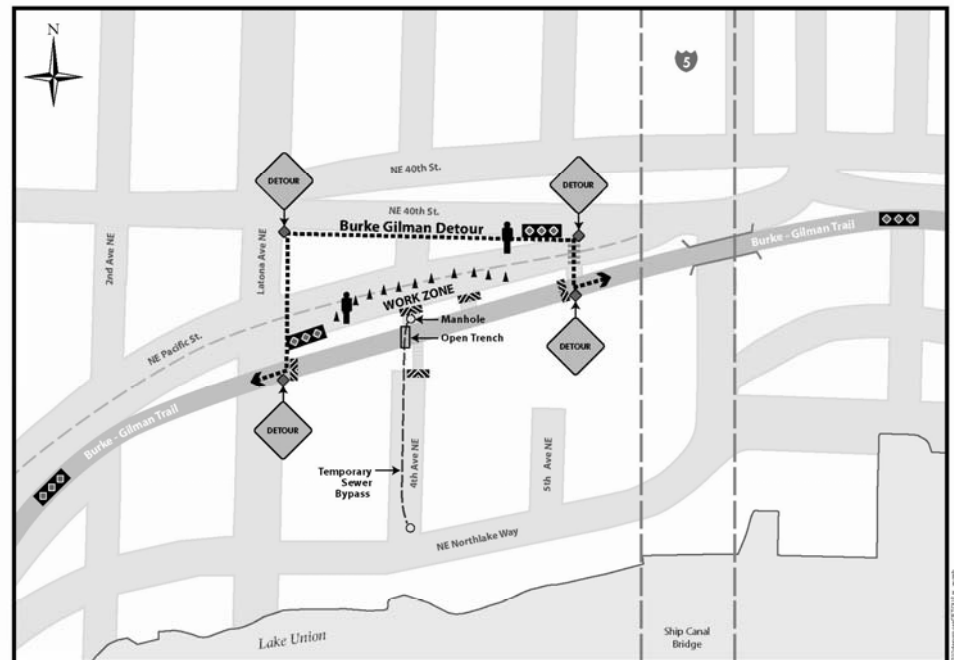

Drivers should expect delays; Trail users urged to follow detours

The westbound lane of N.E. Pacific Street and the Burke-Gilman Trail between Latona Ave. N.E. and the intersection of 40th St. N.E. and N.E. Pacific St. will be closed at times during the week of September 17, 2007 while King County crews remove a stormwater bypass pipe between manholes in N.E. Pacific St. and 4th Ave. The closures will last 1-2 days.

Burke Gilman Trail users will be detoured to 40th St. N.E. at the Latona Ave. N.E. and returned to the trail at the intersection of 40th St. N.E. and N.E. Pacific St. during the bypass removal.

The bypass was installed in April to maintain existing stormwater service for the community while King County installed a stilling vault and ventilation stack under 4th Ave. N.E. to reduce potential storm water overflows onto 4th Avenue N.E. and N.E. Northlake Way
